## Who's Who in High Tech the directory

<http://www.canada.com/ottawacitizen/features/hightech/index.html>

### **MAPLEWORKS TECHNOLOGIES**

MapleWorks Technologies Inc. is the leading on-shore source for experienced software development outsourcing (SDO) services. Our presence in Canada, specifically in the Ottawa/Gatineau region gives us access to a deep pool of engineering talent that includes the best in the world. Our clients are US-based companies that develop telecommunications products for both the service provider and enterprise markets. MapleWorks collaborates with its customers to develop and introduce a new product, or provide sustaining engineering for products that are already in production. This innovative business marries trusted engineering and project management expertise with the economic benefits of outsourcing. MapleWorks is establishing itself as the standard of quality in the SDO market. Please visit us at [www.mapleworks.com](http://www.mapleworks.com) or email [info@mapleworks.com](mailto:info@mapleworks.com).
